SEASON'S FIRST DEFEAT GIVEN TO FIELD CLUB

Game, Nip and Tuck Style, Ends in Score of 5 to 4

PROVES HURLING DUEL

Neither Side Holds Its Lead For Very Long At Any Time

By T. M. Juno

Field Club suffered their first defeat of the second half at the hands of Johnny Mulholland's nine. The final score was 5 to 4.

The game was nip and tuck all through and at no time during the entire game did one team have more than a two run lead, although the lead changed hands several times.

Jones and Mangan had a fine hurling duel, which Mangan won, though his team gave him the proper backing. In justice to Jones it must be said that he really deserved to win the game, but his mates committed five errors and every one hurt. The result of the hurling duel is shown by the fact that not an official extra base blow was made and between the pitchers a total number of twelve strikeouts was chalked up. Jones had one or more strikeouts in each inning. "Harvey" Cochrane proved to be the real thief of the evening, stealing three bases and putting him in a tie with Fields, of St. Ann's, and J. Brady, of A. O. H., for the league leadership in that division. Wilkerson covered third very good for the carpetmakers.

Field Club received part of the seventh bat and scored four runs but the game was called before the inning was completed. Hibbs, Kohler, Beaton, Jones and Cooper lost hits as a result of this move.

Field Club drew a blank in their opening bat. McGlynn and M. Cochrane were thrown out by Mangan. Fine hit to Brooks and went out.

Leedom's took the lead in their opening canto. Cooper lifted to Kohler. H. Cochrane drew a pass. Hagerman also walked. Cochrane stole third. Hibbs made an error on White's hit and Cochrane scored. Hagerman also tried to score and went out at the plate. Hibbs to Fine to Brooks. Brooks struck out.

Hibbs hit to Cochrane to begin the second. He went out at first. Kohler whiffed. Beaton hit to Mangan and was put out.

The carpetmakers tabbed another one in their second. David reached first on M. Cochrane's error. Wilkerson's single advanced David to third. Callahan walked. Mangan fanned. Cooper hit to Jones and went out. David counting. H. Cochrane lifted to Beaton.

Jones beat out a bunt for Field Club's first hit in the third, but went out trying to pilfer second. McFadden's high loft was basketed by White. Leedom's drew their first blank in the third. Hagerman hit to Beaton and sat down. White lifted to Kohler. Brooks singled and David struck out.

Field Club decreased the Leedom lead in the fourth by putting a run across. McGlynn singled to right. Wilkerson made a fine stop of M. Cochrane's grounder and threw him out. Fine received four wide ones. Hibbs singled, filling the sacks. Mangan now tightened up and fanned.

Kohler. McGlynn scored on a wild pitch. Cliff Beaton walked but Jones ended it all by striking out.

Jones fanned Wilkerson to begin the Leedom half. Callahan fled to Cooper. Mangan breezed.

The last year's champions took the lead in the fifth by counting twice. McFadden was hit in the back by a pitched ball. Cooper singled. McGlynn singled, scoring McFadden. M. Cochrane singled, scoring Cooper. W. Fine hit to Cochrane and was thrown out. Hibbs struck out. Wilkerson to David retired the side on Kohler's grounder.

EIGHTH STRAIGHT WIN IS CHALKED FOR TULLYTOWN

'Bill' Fine Holds Hard-Hitting Lambertville Men Well

FINAL SCORE — 7 TO 3

TULLYTOWN, July 3.—"Bill" Fine was in great shape here Sunday, holding the hard-hitting Lambertville team to six scattered hits and fanning 11 men. The visitors could do nothing with Bill's shoots until the seventh inning, when an error, steal, and a fielder's choice scored a run for Lambertville. Fine also hit the ball hard, getting a triple and two singles. Carmen's heavy hitting was the feature of the game, getting two doubles and two singles.

McDevitt and the reliable Riola got two hits apiece. Dugan was pressed into service as a catcher when Swangler split his finger and caught a good game. E. Stout's fielding featured for Lambertville. It was the eighth straight win for Tullytown. The strong Hightstown, N. J., team plays here next Sunday.

ARREST TRUCK DRIVER FOR DEFECTIVE TIRE

Heavy Truck Was Bumping Over Highways Here Last Night

IMPOUND THE TRUCK

Police here last night took into custody the driver of a truck which was bumping over the highways with a large section of a solid tire missing. The truck is owned by the Philadelphia, Trenton & Chester Co., and operates between Philadelphia, Trenton and Chester. The trucks of this firm are large ones and on frequent occasions have been operated through here with the solid tires in very bad condition.

Trucks in the condition of the one which the police halted last night can do irreparable damage to concrete highways and in fact it is said that such vehicles are continually gouging out the roadway between the trolley rails at Mill street.

The police compelled the driver to return to police headquarters where the truck was impounded until today. The head of the firm was notified by telephone and summoned to appear for a hearing here today.

Fined \$28.50 on Charge Of Reckless Driving

William I. Murphy, 316 Jefferson avenue, was fined \$28.50 last night in the municipal police court on the charge of reckless driving.

Murphy's arrest was the outgrowth of an accident which occurred early Sunday morning at the intersection of the Highway and Cleveland street. Murphy's car crashed into a coupe driven by Michael Pagliaro, 3323 Lambert street, Trenton, N. J.

Murphy's car was smashed to pieces but he and the occupants escaped unhurt.

Pagliaro was cut on the forehead and his car was damaged.

LITTLE "BUDDIE" COLLIER PULLED OUT OF CANAL

Rescued by Helen Doyle, Two Years Older Than "Bud"

WAS RIDING ON TUBE

Little "Buddie" Collier, 7, was rescued from the canal yesterday when he went a little beyond his depth while swimming at Mill street. Thomas, Jr., was pulled out by little Helen Doyle, 9, Otter street.

"Buddie," like the other youngsters in the neighborhood, is fond of the old swimmin' hole at Mill street. He sports about in the water and has a good time. Yesterday was just an unfortunate day for him. He was pulled ashore by his chums and today is none the worse for his experience.

The Collier lad with an inner tube about him was paddling toward a boat. A "bubble" had formed upon the tube, and when "Buddie" got beyond his depth the "bubble" burst, the lad going under.

It was then the Doyle girl swam to his assistance, taking him to shore. With the assistance of those on shore, first aid treatment was administered. At his home today he was reported to be as active as ever.

Swimmers in the vicinity of the Washington street canal bridge are becoming a real nuisance. There is great danger of accidents there as the bridge is on the main route to the P. R. R. station and is crossed daily by much traffic. Not only that, but the swimmers are taking advantage of some of the privileges accorded them.

Hundreds of swimmers each day and night are seeking cooling spots in the water hereabouts.

RECORD BREAKING MONTH FOR MARRIAGE LICENSES

Bristol, As Usual, Led All Towns in The County

SEVENTEEN FROM HERE

DOYLESTOWN, July 3.—The merry month of June was a record-breaker in Bucks county so far as the granting of marriage licenses is concerned. During the month there were 149 couples issued marriage licenses. This is a new record in the history of the county. A year ago there were 114 licenses granted in June.

Records in the office of the Clerk of Orphans' Court show that so far this year 466 licenses were granted, or an increase over the first six months in 1927 of 46 licenses.

Non-resident couples were granted more than one half of the licenses in June. From the city of Trenton alone, fifty-three persons were granted licenses, while Philadelphia furnished twenty-three others. Six states in addition to Pennsylvania were represented by the couples applying for licenses, including New Jersey, Michigan, Mass., Maryland and Arizona.

One outstanding fact about the June marriage license docket is that only eight of the 149 men who secured licenses were under 21 years of age, which proves, Deputy Clerk Jacob Shelly said yesterday, that youths under age do not have the money these days to get married.

The popular age for marrying seems to be between twenty-one and twenty-five years, for sixty-five of the male applicants and sixty-eight of the female applicants granted licenses in June, were in that age classification. Thirty-nine of the female applicants, however, were not yet twenty-one.

The oldest male applicant to receive a license was a resident of Langhorne, who recently celebrated his seventy-second birthday by securing a marriage license to wed a woman sixty-six years of age. The man had been married twice before, his first wife dying forty-three years ago and his second wife in 1927.

Twenty of the male applicants had been married once before and nineteen of the female applicants were taking their second license to wed.

There were eight divorced men and nine divorced women granted licenses in June.

It is also interesting to know that sixteen school teachers in June were granted marriage licenses. * There were four nurses among the applicants. There was a remarkably low farmer quota, there being but five tillers of the soil in this agricultural county of Bucks among the 149 male applicants.

There were 111 women to state they had occupations other than housework. The docket shows that 83 male applicants and 73 female applicants were not residents of Bucks county.

Only nine of the female applicants were older than their partners. Bristol led the county with seventeen applicants while Perkaskie was a close second with thirteen.

Four applicants were over sixty years of age and fifteen others were between forty and fifty.

The ages of the applicants grouped are as follows:

	Male	Female
Under 21 years	8	34
21 to 25 years	65	68
25 to 30 years	34	27
30 to 40 years	26	8
40 to 50 years	9	6
50 to 60 years	4	4
60 to 70 years	2	2
Over 70 years	1	0

CROYDON TROOP OF SCOUTS IS BUSY JUST NOW

Lads Planning for Carnival Last Two Weeks Of July

SCOUTMASTER STILES

Members of Troop Are Most Enthusiastic Over The Camping Trip

CROYDON, July 3.—Upon the calendar of Croydon Troop, No. 1, Boy Scouts of America, there is listed a big event for the latter part of July—a carnival which will continue for six nights. The last two weeks of the month have been chosen, and the lads will call out their wares on State Road and Patterson avenue, on Thursday, Friday and Saturday evenings of those weeks.

Through their efforts along this line the lads are hoping to purchase some equipment for camping purposes when they pitch their tents from August 25th until Labor Day. It is whispered that if the youths have enough funds left from their proceeds of the recent shows and the proposed carnival a portion will be used toward new uniforms. The boys are making trips throughout the town just now asking for donations of canned goods, fancy work, etc., which they will place on sale. The scouts will be in charge of the various booths.

A. B. Stiles, scoutmaster, is desirous of informing people of this section, that any tent equipment that might be available, as a loan, for the use of the troop, will be much appreciated. This camping trip will mean much to each member of the troop. The site has not yet been decided upon.

All of the boys, as well as Mr. Stiles, assistant scoutmaster William Wankle, and second assistant scoutmaster, "Pat" Moran, are pleased with the support given in the performance recently presented in the Manor Theatre. To Mr. Wilkinson, president of the Bristol Township school board, are they indebted for valuable assistance, and likewise to Otto Grupp, Jr., for giving the use of the theatre on the pike. Mr. and Mrs. Miller showed a fine spirit, likewise, when they outlined and arranged for the performance. Because of these good friends the boys had very little expense, consequently were able to show a splendid financial clearance.

The Croydon troop is functioning in splendid manner under the able leadership of Scoutmaster Stiles, and his assistants. About 40 boys are connected with the Croydon troop thus far, four patrols functioning at present. First patrol leader is John Peirce; second, James Dransfield; third, "Lefty" Barlow; and fourth, Joseph Hoffman.

At the last meeting, held on Thursday evening, Harold Schramm was made troop scribe. Messrs. Foundas and Moran, members of the troop committee, have assisted the lads to a great extent, and have shown their willingness to back them to the limit.

The patrol leaders have been instructed to take their boys for hikes during the vacation period. This, says Mr. Stiles, is sure to create more interest in scouting. The lads are also being instructed in scout methods, and several are trying for second class tests. It is the hope of the leaders that by the end of the summer a big majority will be second class scouts.

"We will gladly welcome any visitors to our business meetings," says the troop leader. The sessions take place each Thursday at the fire station.

A visitor last week was Jack Spindler, of Narberth Troop, No. 2, who is at present visiting in the village. Jack wended his way to the hall and made himself acquainted with the group, greatly enjoying his visit. He gave to the boys a fine talk on scout work, for which he received the boys' appreciation. Mr. Spindler, who is a senior patrol leader and a first class scout, expressed his desire to attend the meetings until the termination of his Croydon stay. He has several merit badges to his credit.

TUESDAY, JULY 3, 1928

TOMORROW'S CELEBRATION

Bristol tomorrow will hold a very appropriate celebration and one entirely in keeping with July 4th. It will be the first time that an American flag has ever been presented, officially, to the Borough of Bristol.

A group of local organizations inspired by patriotism conceived the idea of presenting to Bristol a flag to be flown from the pole at the Municipal Building every day in the year. The suggestion was put to other organizations and readily agreed to and tomorrow the plans will be consummated in the official presentation.

A general invitation has been extended to the public to attend the exercises and those who participate in the program are all Bristol folks, so it is going to be strictly a Bristol affair. It will be "a safe and sane" way to celebrate the Fourth.

Every individual in Bristol should attend and thus show his patriotism and loyal community spirit.

The Fourth is the holiday of holidays. It will be a day of shout and play, of the pell-mell rush of restless energy, a day dedicated to joy and celebration.

It is well. We have a right to make merry on Independence Day. We have a right to cheer and to bombard the clouds with bomb and rocket. For it is the birth of a great nation we acclaim, its lengthening honorable life and the rosy prospect for its future.

Independence day gave us liberty, a chance to live our national life in our own way, freed from the dictates of any distant power. It did not give us license, and as we celebrate with consideration for the rights of our neighbors we are reminded that while we may have liberty in our joy there can be no license. License encroaches upon liberty, nullifies it.

Independence day gave us a charter of individual manhood. The founding fathers might have set up a government that was administered from the top down. They chose to establish a government that was administered from the bottom up. They chose to agree that every man should have a voice, and that one man's voice should be equal with that of every other.

Independence Day gave us opportunity to live our individual lives as we would live them, opportunity to enter any field of endeavor, opportunity to develop, to grow better as well as stronger, and—above all—opportunity to serve, cheerfully and willingly, our fellowmen in the up-building of a great democracy.

Many a man who is a good shot in this world hopes he will miss fire in the next.

A man gets into trouble marrying two wives. Some get into trouble marrying one.

The predominating characteristic of the efficiency expert seems to be self-sufficiency.

A high school paper claims flappers are a necessity. Necessity, we add, knows no law.

It is estimated that about 81.7 per cent of those who take up correspondence courses in will development have large, forceful wives.

It has been determined that it would take a man, hiking at average speed, just four years to walk all the streets in New York City. This computation, of course, is exclusive of hospitalization after intercessions.

Declaration of Independence

In Congress, July 4th, 1776

THE UNANIMOUS DECLARATION of the Thirteen United STATES OF AMERICA

WHEN, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.—We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain inalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.—That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed.—That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object, evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.—Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.—He has refused his Assent to Laws, the most wholesome and necessary for the public good.—He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them.—He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only.—He has called together legislative bodies at places

unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures.—He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.—He has refused for a long time, after such dissolutions, to cause others to be elected;—whereby the Legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the meantime exposed to all the dangers of invasion from without and convulsions within.—He has endeavored to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of Lands.—He has obstructed the Administration of Justice, by refusing his Assent to Laws, for establishing Judiciary powers.—He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries.—He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our people, and eat out their substance.—He has kept among us, in times of peace, Standing Armies without the Consent of our legislatures.—He has affected to render the Military independent of and superior to Civil power.—He has combined with others to subject us to a Jurisdiction foreign to our constitution, and unacknowledged by our Laws; giving his Assent to their Acts of pretended Legislation.—For quartering large bodies of armed troops among us.—For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States.—For cutting off our Trade with all parts of the world.—For imposing Taxes on us without our Consent.—For depriving us in many cases of the benefits of Trial by Jury.—For transporting us beyond Seas to be tried for pretended offences.—For abolishing the free System of English Laws in a neighboring Province, establishing therein an Arbitrary government, and enlarging its frontiers so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies.—For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments.—For suspending our own Legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.—He has abdicated Government here, by declaring us out of his Protection and waging War against us.—He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the Lives of our people.—He is at this time trans-

porting large Armies of foreign Mercenaries to complete the works of death, desolation and tyranny, already begun with circumstances of Cruelty & perfidy scarcely paralleled in the most barbarous age, and totally unworthy the Head of a civilized nation.—He has constrained our fellow-citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands.—He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions. In every stage of these Oppressions we have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people. Nor have we been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable Jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which, would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War; in Peace, Friends.—

We, therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be, FREE AND INDEPENDENT STATES; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do.—And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.
